

Brush & Root Grapples

MADE IN USA

Guards protect cylinders from damage

Grade 50 Steel for increased durability

This independent two cylinder grapple is made to haul brush and lumber.

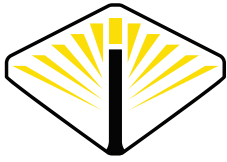

FEATURES

- **Rigid Design** – Every tine is constructed from one piece of high grade steel
- **Precise construction** – open bottom allows dirt to fall through between tine spacing
- **High Visibility** – Tine spacing provides operator with excellent vision
- **NitroSteel Rods** – Resist corrosion, dents and flakes
- **Teflon Coated Bushings** – Keeps jaw hinge lubricated
